

RESIDENTIAL BURGLARY PREVENTION

Burglary victims often feel vulnerable and violated as their personal space has been invaded. Residential burglaries statistically occur during the day while families are at work or school. The most common entry technique is a hard kick to the door, forcing the wooden jamb to give way. Household tools like hammers, screwdrivers, pry bars and pliers may be used to gain entry into your home.

Unfortunately, it is hard to catch burglars in the act and harder to catch them after the fact. While residential burglaries seem random in nature, there is a simple selection process. Unoccupied homes with easy or concealed access and quick escape routes are targeted. Once inside burglars look for small expensive items that are easily traded for cash. Favorite items include cash, jewelry, laptops, CD/DVD players, game consoles, watches, guns and small electronic devices.

Protect yourself and make your home a less likely target with the following ideas:

WAYS TO DISCOURAGE BURGLARS:

Bright Ideas:

- Install lights by all exterior doors. Use lights at night.
- Install outside light fixtures where bulbs are hard to reach.
- Illuminate house numbers for quick emergency services response.
- Trim shrubs back from doors and windows. Don't give burglars places to hide.

Vehicle Smarts:

- Close the garage door and cover windows so no one can see inside.
- Leave only the ignition key with parking lot attendants - if required.
- Hide the garage door opener from open view in your car.

Doors & Windows:

- Change the locks when moving into a new residence.
- Always lock your doors and windows.
- Give your neighbor the spare key - Don't hide it outside.
- Use solid core or metal exterior doors.
- Install four-screw strike plates with three-inch screws to penetrate the wood door frame.
- Use dead bolt door locks on exterior doors and double-cylinder dead bolt locks if glass is within 3 feet of the lock.
- Add auxiliary track-type locks, removable drop bars, wooden dowels, or pinning devices to windows and sliding glass doors.
- Install peepholes on doors with 160 degree views.
- Upgrade locks to defeat bump keying.

Landscaping:

- Trim tree branches 7 feet off the ground.
- Prune shrubs to under 3 feet from the ground.
- Use motion sensors and photocells on exterior floodlights.

Personal Information:

- Keeping valuables in a safe deposit box.
- Use a locking mailbox.
- Complete Operation ID and display the window stickers.

Dealing With Strangers:

- Never let strangers enter your home.
- Verify workers by ID cards and calling their employer.
- Never give keys to workers.
- Never leave notes for anyone on the door.

While On Vacation:

- Hire a house sitter.
- Ask neighbors to help with your trash bins and newspaper.
- Install a UL approved and monitored residential alarm system.
- Park a neighbors car in your driveway.
- Use timers on indoor lights to give the impression you are home.
- Deliver merchandise to neighbor's house.
- Ask neighbors to watch your house while you are gone.

Don't be afraid or embarrassed to call 911.

VEHICLE PROWL PREVENTION

Vehicle prowls are the theft of property from a motor vehicle. Most are crimes of opportunity through unlocked doors and open windows where victims usually encounter expensive vehicle damage – especially to their windows, doors and locks. Large parking locations like shopping centers, housing communities, parks and schools are prime targets for a prowler since multiple vehicles can be hit in a short time span. Also, prowlers know the odds are good that someone will leave a door unlocked, a window down or keys in the ignition.

Unfortunately, vehicle prowls are very common. Luckily, they are preventable. Use these easy and inexpensive tips to reduce your risk of becoming a victim of vehicle prowl:

PARKING & SECURING YOUR VEHICLE:

- ◇ Use a garage or secure location whenever possible
- ◇ Park in well-lit areas where your car can be seen
- ◇ Avoid isolated areas. Park near locations frequently used by pedestrians
- ◇ If you hear something suspicious (shattering glass) or see someone looking into vehicles, call 911
- ◇ Roll up the windows and lock all doors
- ◇ Secure the trunk, hatches, bed-mounted tool boxes, and canopies
- ◇ Activate your alarm
- ◇ Install anti-theft devices

REMOVE THESE ITEMS:

- ◇ Cameras
- ◇ CD player and CD's
- ◇ Cell phones
- ◇ Checkbooks
- ◇ Clothing
- ◇ Credit/debit, gift cards
- ◇ Day planner
- ◇ Electronic devices
- ◇ Garage door opener
- ◇ GPS unit
- ◇ Jewelry
- ◇ Keys
- ◇ Laptop
- ◇ Luggage or bags
- ◇ Mail
- ◇ Purses
- ◇ Receipts/statements
- ◇ Store bags or packages
- ◇ Tools
- ◇ Vehicle insurance, title and registration information
- ◇ Wallets

ANTI-THEFT DEVICES:

- ◇ Steering wheel locking devices are easy to install and inexpensive
- ◇ Car alarms are convenient and effective - Especially if they disable the vehicle's starter when activated
- ◇ Install switches to interrupt the fuel supply or electrical systems
- ◇ Locking gas caps deters fuel from being siphoned

TIPS

Lock your doors & windows.
Prowls are crimes of opportunity!

Remove your personal property.
"Put your junk in the trunk!"

Use anti-theft devices.
Utilize visual deterrents.
